★大家好，我是Oo發仔編，無論你是否因為有看過《O.O.X》的通訊，抑或本書，或是第一次接觸的，都好感謝你呀！在下自覺還挺幸運，一直好開心出來的感覺。如果你能喜歡這本書的話我會好開心——！因為是你願意將我日後畫的漫畫的話，我會更加開心——！

★開始畫這漫畫的時候，其實情況是挺混亂的——因為第一次在雜誌上連載，準備時間不多，也沒有半點經驗，拿腔大吐的時候都下不了，其他都請比圖同人誌的OoX大呢！好幾個月才開始習慣——現在倒覺得不太習慣——走了！

★小瑤的家花有一點心思呢！她好像不太能夠理解有她家的平頭黨啊，於是怎麼給都會想清楚，但是所有東西都編好同處後，發現有一點空間——為甚麼呢？真是令人擔心啊——！

★接著是談談訓練，本來是挺容易的，但是怕怕會怕——（不也一樣的問題嗎？呀！）

★感謝阿寶，沒有他的話《O.O.X》不會出現在這世界上，另外各方面都得到他的幫忙和鼓勵，是我最好的好朋友，感謝你在我的生命裡出現！

★感謝感謝支持我的讀者，在這種時空方便，希望大家會繼續喜歡我的作品——，感謝編輯部一直努力的在忙——，希望^^：希望天下間我出書，是不及就其是不在忙了！呵！感謝阿寶和東江上夜幫忙經絡——！

★最後多謝你的收看，有甚麼意見歡迎隨時來信啊——！

- I never know why, but when I dress Yukari's entire outfit, I never see dress her outfit is pretty well. I'm doing it, would be very pleased to dress her outfit different children on. (ing to be that's the way I don't have any response to fashion, because it is)
- Yukari: I like your outfit too, clothes more. Maybe it's because of relative influence. I always watch when you 80% space, so I learned to like 80% clothes. I hope you like I probably won't find a chance to do that by "100". I really want to dress other things, and also things > C (??) why could it be right? I repeated?
- I'm sure my friend is dress like Yukari before. I wasn't happy when he no longer when I did. I hope not seeing her anymore what I can't happy enough with to (sigh) ♥
- This is the pleasure of Yukari good enough? I'm full of energy. .... 000000

Hello everyone, no matter if it is a "death scene" people who're  
reading this story for a long time, or a first-time reading this  
story, I have to thank you for all your support. Also, people who  
have mailed me requesting "F&X" releases. Also, Shy Guro for  
giving me a chance to relate this story. Right now "F&X" is being  
related to the world going on here and there. I'm a little worried about the  
quality because it's different. In other words, the reader  
for reading this story, the more complicated story to the  
response from the readers. If possible, please write letters as  
well as how you feel about the story. This story is about what  
Hiroki has to do in my "F&X" story. Also, the beginning of March  
2002, it's been one year since this... (It's already been a year  
but for this story, only a few days have passed... "March 02")

Thanks everyone for supporting me all with what

## THE REAL WORLD'S MAGIC WORLD

is, silver wands? magic sticks really work? (Laughs). Then the "honeying eye" is made up. But if you're interested in magic, then it's about a little bit of witchcraft knowledge. It should fit your taste.

If you want to use magic, the first thing you have to do is know it well.

During which time to follow the law of three? Well, it doesn't matter if you use magic for good or bad, it will return a fold. So it should only be used for good and not bad? Also, every witch should have a "book of shadows" for recording of spells and conversations and other stuff? (+ It's a bit like a diary. Imagine I never people can make spells too? When you're ready, then you can do it, too. (You have to know that there's no free lunch, unless you really work for it).

Amazingly, the most useful spell is "light bell ceremony" what is "light bell ceremony"? Is that a definition. It's supposed to be concentration practice. The whole practice is very complicated, and it's difficult to understand. To say it simply, it's supposed to create light around a person, and you can see it, feel it, and hear it. It's to practice self concentration. When you practice until a certain point, it makes that you can start to practice using spells.

From old days to now, the most consistent magic of course is a spell. More importantly, you need a circle or other basic ceremonies. Most spell you just need to follow the directions below.

1. Believe in all your heart your magic
2. Concentrate

### Useful spells

To get your wish (+ Instead

Wishing others (+ Being successful and wealthy

Being about happiness (+ Love, love, love

Wish (+ Water nymphs drink the clouds so rain will fall freely to the ground

But do you feel like you've gained more knowledge about magic? Through this "magic" doesn't have scientific proof. It's only for fun. Oh yes, I heard that most witches won't tell other people that they're witches. A person next to you might be a witch, not think
